

SNAG Corporate Games

ON TARGET

A short, fun game that can be played as individuals or teams. Its an ideal activity to break up work sessions and perfect for groups of up to 20 people.

Three different targets are laid out – Dune, Lake & Quarry - each with their own unique challenge. Each person takes aim from the Launchpad to score as few points as possible.

Dune

Chip a ball towards the target & record the number of points your ball sticks to. Add 1 point for each hit that misses the target altogether!

Lakes

Chip a ball towards the target & record the number of points your ball sticks to. Add 1 point for each hit that misses the target altogether!

Quarry

Putt your way towards the target & record 1 point for each stroke.

What is SNAG?

“Starting New At Golf” is just all out fun! Oversized lightweight clubs and tennis-sized balls allow players of any ability to navigate a fun course of velcro targets and games.

Originally developed to introduce people of ages and abilities to the sport of golf, Joondalup Resort has adapted SNAG® into a fun team building activity that can be set up anywhere!

THE ART OF COMMUNICATION

This 9 ‘hole’ challenge tests how well people communicate within a team – ideal for people who need to work together to achieve a common goal.

9 velcro flag targets mark your course. Choose one player to wear a blindfold and face them away from the course. Using only your words (no touching allowed), guide your blindfolded player towards the first launchpad, to pick up the club and take a shot towards the pin. How hard should they hit it? To the left, or the right? Let them take a shot. Again, guide them, using only your words, to the ball’s position and continue until they hit the target. Record the number of shots it takes to hit the target.

For the next target, swap the blindfold to a different player. Continue this way until each player has been blindfolded. After all 9 targets, the team is left with a collective score – the team with the lowest score wins!

THE JOONDALUP FIVE ROUND CHALLENGE

A hilarious and definitely different way to play golf, either in a team or as individuals. One target (any target) stands before each group. In 5 different rounds, players take turns to hit from the launchpad towards the target and records the number of points hit – lowest score wins.

Sounds easy, right? Not so fast....

Round 1

A warm up round, simply hit the ball towards the target.

Round 2

Blindfold your golfer. Now let's see how well you can hit that target

Round 3

Switch the club to your non-dominant hand. Take your swing, hotshot.

Round 4

Spin around the club 3 times and immediately take your shot

Round 5

Take a shot at the target. Through your legs.

Cost

Option 1

Any of our SNAG® games can be added into your event for just \$350 per day, making it an extremely affordable team building activity!

Option 2

Need some help? Any of our SNAG® games added into your event can be facilitated by one of our friendly staff for just \$799 per day. This includes a complimentary round of 18 holes with a motorised cart to give away as a prize.

THE BONUS

The dream. The fantasy of all fun loving workplaces. A brilliant ice breaker or fun relief from a hard day's work. Ideal for a quick activity where multiple people can play simultaneously.

Dress your boss (or other unsuspecting victim) in a full body Velcro suit, with target areas on the legs, arms, chest and head. Fire away! But don't hit too hard, let's not forget where your annual bonus comes from...

SNAG® games can be played inside or out, so why not enjoy Joondalup Resort's stunning grounds while you have a bit of fun!
